WELCOME

Thank you for coming to the 3rd Annual Wild & Scenic in Suffern Film Festival. This year we are pleased and proud to have Rivertown Film join us in co-hosting this event.

Our 2016 Lead Sponsor is First Niagara Bank, a great local bank and, we are proud to say, ROSA 4 Rockland's bank.

Our Gold Financial Sponsors this year are:

- Time Hotel in Nyack
- Bill Kolb Jr., Subaru of Orangeburg
- Marc Calo, Licensed Agent, New York Life.

Our Gold Retail Partners are:

- Congers Bike Shop
- Ramsey Outdoor
- Photour Adventures
- Wild Birds Unlimited

We want to thank all of the sponsors who supported this event and we encourage everyone to consider their products and services when you are shopping for your family's needs.

We also want to thank our Partner Organizations – those that join us in fighting for the environment and those that work to get people outside to enjoy the great outdoors.

Thank you

Suzanne Mitchell
Director, ROSA 4 Rockland and Chairperson, Rivertown Film

2016 FILM CHOICES

1ST HALF

NATURE RX

Justin Bogardus, Jed Lazar, Joe Victorine, ©Dream Tree Film & Productions | 1 min.

This award-winning comedy series is about a struggle affecting many of us today. Set in the world of a spoofed prescription drug commercial, Nature Rx offers a hearty dose of laughs and the outdoors.

RESTORING HOPE

John Antonelli, Mill Valley Film Group | 6 min.

Narrated by Robert Redford, Restoring Hope illustrates how an ordinary person can effect extraordinary change. Jean Wiener is reviving his country's drastically depleted marine life in Haiti, a country plagued by extreme poverty and political instability. Wiener led community efforts to establish the Marine Protected Areas by empowering Haitians to see the long-term value in sustainably managing fisheries and mangrove forests.

AN EDUCATION, A FATHER-DAUGHTER TRIP OF DISCOVERY

Mike Libeck, Mike Schirf, Fitz Cahall | 2014 | 9 min.

National Geographic Explorer Mike Libeck tackles his 58th expedition with his 11 year old daughter, Lilliana, for her first skiing expedition to Antarctica. Neither had any idea of the magic, power and beauty they would encounter that would change their lives forever.

OSPREY: MARINE SENTINEL

Jacob Steinberg, CosmoVision Media Group | 2013 | 14 min.

This is the first film in over thirty years starring what is arguably the world's most iconic and significant raptor: the osprey. Exclusive access, cutting-edge technology, and innovative cinematographic techniques provide a unique perspective and unprecedented intimacy into the dramatic story of a life-long pair, and the intrepid scientists who have spent a lifetime discovering what may be one of the most significant success stories of environmental conservation.

COMES WITH BAGGAGE: A SHORT HISTORY OF BICYCLE TRAVEL FROM BONESHAKERS TO BIKEPACKERS

Dominic Gill, Nadia Boctor | 18 min.

This lighthearted history of bicycle travel in the Americas makes you want to sell all your possessions, quit your job and escape on a bike. Past and current footage, along with interviews of bike pioneers, makers and historians are combined to give a unique perspective on where bicycles can take you both physically and spiritually.

AVAATARA: THE FIRST ROUTE OUT

Red Bull ASP in assoc. with Novus Select | 6 min

David Lama achieves first ascent of the Baatara gorge in Lebanon. "If you travel roads that have already been discovered, you are basically always just following. But if you go somewhere where no one's ever been and do something no one's ever done, you're on the lead and that's one thing that I really like." David Lama's guiding philosophy has already taken him to the most impressive mountain ranges of the world and, more recently, to the Baatara gorge in Lebanon. A surreal 'Avatar'-like landscape, unexploited and untouched.

2016 FILM CHOICES

2ND HALF

LEAVE IT AS IT IS

Pete McBride, Kevin Fedarko, American Rivers | 3 min.

The Grand Canyon is one of the most iconic landscapes on the planet. But this natural masterpiece of the Colorado River faces a battery of threats. Unless the Department of the Interior acts to stop these threats, one of our nation's greatest natural treasures will be scarred forever.

BLACK BEARS – YOSEMITE NATURE NOTES

Steven M. Bumgardner | 2015 | 9 min.

Hundreds of black bears make their home in Yosemite National Park and seeing a wild bear is a highlight of any trip to the park. Bears often remind us of ourselves, and the relationship between bears and humans is complex and changing as visitors and park managers strive to keep bears wild.

THE FIRE NEXT TIME

Kevin White, Stephen Most | 13 min.

When the Rim Fire burned 256,000 acres of the Stanislaus National Forest and Yosemite National Park in 2013, it exposed the impacts that high intensity wildfires are having on watersheds, wildlife, and carbon storage. It also forged a coalition of environmentalists, loggers, scientists, officials, and land managers who are responding to this megafire and recognize the need to forestall the next one.

JOE

Andy Maser, Hayden Peters | 7 min.

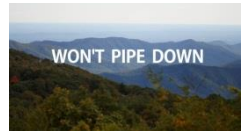

National Geographic wildlife photographer Joe Riis reminds us that even those who have achieved it all still face many of the struggles that we all do. Joe celebrates how a man's love for the wilderness has helped to further curiosity, respect and protection for the natural world around us.

WON'T PIPE DOWN

Marley McDonald, Dan McNew, Art Pekun, Abby Riggelman | 2015 | 23 min.

This short documentary presents the definitive David versus Goliath battle between the residents of Nelson County, Virginia and the Dominion Power company. This inside look at the community and their fight against the Atlantic Coast Pipeline raises questions about environmental justice, property rights, and individual rights.

THE IMPORTANT PLACES

Forest Woodward, Brendan Leonard, American Rivers | 10 min.

As a father and son rediscover their connection through a journey down the Colorado River and in the Grand Canyon, this poignant short teaches us that although we may sometimes go astray — stuck in eddies and in life — the path back to the important places is never too far away.

*Feeling a little too
busy this Earth Day?*

Take time today to take a deep breath.
Take time today to notice it's spring.
Take time to go for a walk.
Take time to be with family.
But also...

Make the time to take care of your
financial planning to protect your
family for the many spring days to come.

It's not urgent, but it is important.

When you're ready, please call
Marc Calo. I will respect your time
so you can spend it where it counts.

**NEW
YORK
LIFE**

Supporting our neighborhoods.

Culture is a shared set of beliefs, expectations, values, desires and rituals that influence the ways in which individuals, groups, and teams interact with one another and collaborate to achieve common objectives.

First Niagara supports the cultural activities in our neighborhoods because we believe neighbors who share experiences helps to build unique places we can proudly call our homes.
